

Share your experience. Inspire the next generation.

If you are working in or studying business or finance, consider sharing your knowledge. **Volunteer for Junior Achievement of British Columbia and teach youth about business.**

About Junior Achievement of British Columbia

Junior Achievement of British Columbia (JABC) has been partnering with educators, donors and volunteers for the past 60 years to bring real world experiences into classrooms. Our programs give students in grades 5-12 the confidence and skills they need to become the next generation of business and community leaders. Students who participate in JA programs are more likely to stay in school and have a competitive advantage later in life. JA programs provide exposure to positive role models and real-life stories from the business community as well as opportunities to participate in hands-on business simulations and individual, group and digital learning activities.

Why Volunteer?

- Motivate and inspire youth
- Strengthen your public speaking skills
- Enhance your leadership and team building capabilities
- Network with other like-minded volunteers

How it works

- Contact us to register
- Choose a program
- Participate in a training session
- Visit a classroom!

Programs	Grades	Focus
Business Basics: Our Business World	5 - 7	Introduces students to key business concepts as they imagine themselves as business owners
Business Basics: A Business of Our Own	6 - 8	Gives students a hands-on opportunity to learn more about business by running their own retail stand
Dollars with Sense	7 - 8	Introduces students to a broad range of financial concepts including budgeting, investing and long-term goal setting
Economics for Success	9 - 10	Engages students in planning for their future careers, and learning what it will cost to live as independent adults
Investment Strategies	10 - 12	Introduces students to investing and helps them experience the markets through a real-time online stock market simulation
JA Titan Business Game	11 - 12	Gives students a taste of management decision-making in a computer simulation of a high-tech manufacturing company
Company Program	11 - 12	With the help of mentors, students experience the excitement of planning and running their own small business venture
